AWS Certified | Java Developer | Angular | Workflow design |  
Product Development  
Ireland

## Summary

I am a full stack developer with 6 years of experience in designing, developing, and deploying web applications using various technologies and frameworks. I have a passion for creating user-friendly, scalable, and secure solutions that meet the needs of the clients and the users. I have worked on projects ranging from e-commerce platforms, social media networks, to data visualization tools. I am proficient in both front-end and back-end development, using languages such as HTML, CSS, JavaScript, and Java. I am also familiar with frameworks such as AngularJS, Angular, and Spring Boot. I have experience in working with databases such as SQL Server and PostgreSQL. I have also used tools such as AWS, Git, Docker, and Jenkins for cloud computing, version control, containerization, and continuous integration and delivery. I am always eager to learn new skills and technologies to enhance my expertise and deliver innovative solutions. I enjoy collaborating with other developers and stakeholders to achieve the best results. I am looking for new opportunities to apply my skills and experience in challenging and rewarding projects. If you are interested in working with me or learning more about me, please feel free to contact me. Thank you for visiting my profile!
